PROFESSIONAL EXPERIENCE

Web Developer & UI/UX Designer — The Brand Chimp / Rovix AI

Nov 2024 – Present

Hyderabad, India (On-site)

Rovix AI operates as a partnered brand of The Brand Chimp, where I lead AI-driven development and automation projects.

- Develop AI-powered web applications, intelligent chatbots, and end-to-end automation workflows for Rovix AI clients.
- Build conversational AI systems using the ChatGPT API, DALL·E, ElevenLabs, n8n, and custom PHP/JSON integrations.
- Design and implement scalable frontend interfaces using HTML, JavaScript, PHP, React, and Tailwind CSS.
- Translate Figma prototypes into responsive, high-performance UI/UX experiences across web platforms.
- Contribute to full-stack development for automation platforms and CRM-based AI integrations.
- Manage end-to-end website builds — 25+ live websites delivered across real estate, property management, and enterprise verticals.
- Collaborate cross-functionally with design and engineering teams to deliver user-centric digital solutions.

Key Achievements

- Built 3 advanced versions of AI chatbots integrated into client CRM systems.
- Delivered AI automation systems for Texas Properties, Upkee Property, Realty AI Experts, and Rovix AI.
- Engineered conversational UI flows and multi-step automation pipelines using n8n.
- Owned both design and development, delivering a unified product execution cycle from concept to launch.

Web Developer Intern — Nexus Info
